

2.2 Catering to Student Diversity

2.2.1 The institution assesses the learning levels of the students, after admission and organises special programs for advanced learners and slow learners

Response:

Our institution has been adopting the below said methods to know the levels of students soon after the admission process is over, and the institution organizes special programs for advanced & slow learners respectively. The admission committee consists of Principal, HODs, office superintendent & librarian.

The College organizes orientation program for the parents and the students at the commencement of new batch every year. The program would help the students and parents to get familiarized with the institution, curricular and co-curricular activities, facilities, rules and regulations etc. Before the commencement of classes, the differential requirements of students are identified and addressed at the earliest by way of a strategic approach.

In order to motivate both the slow learners and advanced learners workshops, seminars are organized to enhance their skills. A series of Guest Lecture is arranged for the students as to gain the knowledge about the experts to follow.

Advanced learners:

High performing students are identified on the basis of internal assessment, university examination, and involvement in classroom.

Students are encouraged to attend Webinars, Seminars. Advising to participate in group discussions, technical quizzes to develop analytical and problem solving abilities in them and thereby, to improve their presentation skills. Motivating them to do online certification programmes.

Slow learners:

The Institute practices a robust student academic counseling process. During the time of admission Principal interacts with the parents and the student to assess the need and aspirations. Further during the course of study, group of students are assigned to a faculty for counseling. Departments conduct remedial classes; provide course notes for students who are slow learners and those students who are in the verge of dropping out due to arrear subjects. Those students are given regular class tests in order to improve their performance in the university exam, Further faculty members revise the tough topics as per the students requisition and provide university question bank and discuss the way of presenting the answers in the exam to score marks.
