2.5.2 Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient
Response:

The college follows the academic calendar of events and norms and guidelines of Rani Channamma University, Belagavi to conduct continuous and comprehensive internal exams. Care is taken to see that the names of all the students admitted are registered on the University portal. Discrepancies if any, are brought to the notice of the Registrar (academic) for further necessary action.

The date of the internal examination is announced well in advance. The pattern of examination is informed to the students well in advance. The internal examinations are conducted and supervised by the teachers of other departments.

After conducting the examinations, answers scripts are evaluated within 4-5 days and assessed papers are given to the students for their self-assessment. The doubts and queries of the students regarding their obtained marks are clarified by the concerned teachers. If any academic discrepancy is found, the teachers try to provide a solution to the students to make them understand their grasping of the subject.

An analysis of the performance of the students is made by comparing their performance in both the internal assessment tests. The students whose learning has increased steadily are appreciated which boosts their morale. Special care is taken to identify the students whose performance is not very satisfactory and are guided in a very sensitive manner.

The college has a Grievance redressal Cell established as per the norms provided to deal with internal examination related grievances.

If the students remain absent for the internal test for one or the other genuine reasons, for instance, NSS volunteers, sportspersons and the students with valid reasons are allowed to appear for the examination, which is conducted separately, with the permission of the head of the institution.

Other than NSS and NCC students are unable to attend the assignment tests for various reasons like illness, family problem, transportation like that they will be provided one more chance to write the examination on their requests

In case, the students are suffering from examination related stress or fear, the faculty try to reduce their stress with empathy and contact their parents. The students are counselled by the coordinators of the Counselling cell of our college.

All the examination related grievances of the students are attended by the examination committee in consultation with the head of the institution. As for the grievances related to the university, the Registrar of evaluation and the university redress the students.
